

## Društvo za zapošljavanje slijepih i slabovidnih lica - TMP d.o.o. Sarajevo

Projekat:

*Povećanje socijalne uključenosti osoba sa invaliditetom kroz njihovu dodatnu profesionalnu rehabilitaciju 2013*

**Cilj projekta:** Povećati socijalnu uključenost i mogućnosti osoba sa invaliditetom kroz dodatnu profesionalnu rehabilitaciju

**Partner:** Fond za profesionalnu rehabilitaciju i zapošljavanje osoba sa invaliditetom FBiH

**Rezultati:**

- Obuhvaćeno ukupno 78 korisnika/korisnica;
- U proces rehabilitacije i do-edukacije na poslovima kopiranja, pakovanja, rada u prodavnici i pružanja ugostiteljskih usluga uključeno 5 nezaposlenih i radno sposobnih OSI;
- Tokom projekta zaposlene 4 OSI koje su prošle proces do-edukacije i rehabilitacije i nastavile sa radnim angažmanom i nakon završetka projekta;
- Realizovana do-edukacija na temu holističke masaže za 7 zaposlenih slijepih fizioterapeuta;
- 4 fizioterapeuta dobila certifikat o uspješno završenoj dodatnoj edukaciji;
- Primjenom holističke masaže od strane educiranih i zaposlenih slijepih fizioterapeuta, povećan broj korisnika masaže i realizovano je 1.268 tretmana;
- Nabavljen aparat za specijalističku elektro i vakumsku dijagnostiku "Endomed 682", digitalna lupa i 2 aparata za mjerenje šećera u krvi, te lako rabljeno dostavno vozilo "Škoda Praktik";
- Realizovana dva treninga o zakonskim i drugim mogućnostima samozapošljavanja osoba sa invaliditetom;
- 3 osobe sa invaliditetom aplicirale sa biznis planovima Fondu za profesionalnu rehabilitaciju i zapošljavanje osoba sa invaliditetom FBiH, te obezbijedile samozapošljavanje na period od najmanje jedne godine.

*"Trenutno radim na pakovanju šećera, u pakovanjima od pola kg, koji se zatim šalje u ugostiteljske objekte. Prije ovoga sam radio u kopirnici. Oba posla su mi odgovarala. Nije mi problem obavljati posao koji mi ne predstavlja teškoće zbog fizičkog i zdravstvenog stanja. U preduzeću "TMP" sam angažovan malo više od 2, 5 mjeseca. Meni puno znači da radim, dan mi je ispunjen, u kontaktu sam sa ljudima, provodim vrijeme korisno i u društvu, imam zadatke i obaveze koje moram da obavljam."*

Dženan Đonlić, korisnik

*"At the moment I am packing sugar, ½ kg packs, which are then being sent to catering objects. Before this I worked at a photo-copy shop. Both jobs were good. It is not a problem for me to work if that does not cause problems due to my physical and health condition. I have worked at the enterprise "TMP" for more than 2, 5 months. It means a lot to me to work, my day is fulfilled, I am in contact with people, I spend time in a useful way and in company, I have tasks and obligations that I have to complete."*

Dženan Đonlić, beneficiary

*"Ja sam fizioterapeutski tehničar, tako da sam angažovana na poslovima masaže, kinezi-terapije, sono-terapije, elektro, termo i krioterapije. Veoma sam zadovoljna poslom, ovdje su angažovani i doktori sa kojima radimo i od kojih učimo. S obzirom da smo mi svi slijepi ili slabovidne osobe dosta smo se posvetili elektro i sono-terapiji, jer nama treba puno vremena da savladamo neke tehnike koje uključuju rad sa aparatima. Savladali smo i dosta tehnika iz manualne masaže. Kolege su također veoma dobre, dobro se slažemo i pomažemo jedni drugima."*

Derviša Begović, korisnica

*"I am a physical-therapeutic technician and I provide massages, kinezi therapy, sono-therapy, electro, thermal and krio therapy. I am very satisfied with the work. Here we work with doctors and we learn from them. Since we are blind and visually impaired persons we devoted time to electro and sono therapy, because we need a lot of time to learn some techniques which include work with machines. We learned many techniques of the manual massage. The colleagues are very good, we get along well and we help each other."*

Derviša Begović, beneficiary

## Company for Blind and Visually Impaired Persons – "TMP" Ltd.

### Project:

*Increase of Social Inclusion of Persons with Disabilities through their Additional Professional Rehabilitation in 2013*

**Goal of the project:** Increase social inclusion and potentials of persons with disabilities through addition professional rehabilitation

**Partner:** Fund for Professional Rehabilitation and Employment of Persons with Disabilities FBiH

### Results:

- Involved a total of 78 beneficiaries;
- 5 unemployed and work-capable PwDs involved in the process of rehabilitation and additional education working at the photo-copy shop, packing, selling and providing catering services;
- During the project employed 4 PwDs who have received additional training and rehabilitation and continued working after the project ended;
- Organized additional education for holistic massage for 7 employed blind physical therapists;
- 4 physical therapists received a certificate on completed additional training;
- By applying holistic massage by the educated and employed blind physical therapists a number of the beneficiaries increased and provided 1.268 treatments ;
- Procured a machine for specialized electro and vacuum diagnostic "Endomed 682", digital magnifying glass and 2 machines for measuring blood sugar, and 1 used delivery vehicle "Skoda Praktik";
- Organized two trainings on legal and other possibilities for self-employment of persons with disabilities;
- 3 PwDs applied with business plans to the Fund for Professional Rehabilitation and Employment of Persons with Disabilities FBiH and ensured employment for the period of at least one year.
